

## Karate Club Testing & Promotions - Permission Form

Students are tested for their skills and the knowledge they have retained in the martial arts. We work on setting goals for the students and helping them gain self-esteem.

Students that choose to test and be promoted to the next belt rank, please fill out the bottom portion of this form. Many parents ask, "Is my child ready for this, what if he fails?" We only give this form to the students that are ready to test. We do not want any child to fail. Our goal is to build a child's confidence level and build self esteem. Therefore, if a student receives this form, then their instructor is confident they will pass.
